

PERLA BLANCA MARBLE

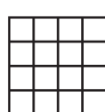

SOURCE: **NORTH AMERICA**

Perla Blanca earns its name through a quality that is immediately apparent: a pale, luminous cream ground of exceptional uniformity, scattered throughout with the quiet fossil record of ancient marine life. Where many marbles tell their story through veining and movement, Perla Blanca's character lives in its stillness, a surface that reads as calm, cohesive, and thoroughly refined across any scale of installation.

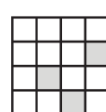

COLOR: **PERLA BLANCA**
STONE TYPE: **MARBLE**
