

PERLATINO ROYAL MARBLE

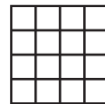

SOURCE: ITALY

Perlato Royal has been a fixture of Italian architecture since long before modernism redefined the discipline with its pale cream ground and distinctive cellular patterning appearing in the grand interiors of pre-war construction across Europe. That patterning, warm taupe and soft gray forms that pool and drift across the surface, is consistent and rhythmic in a way that reads as almost woven. A stone with genuine history, and the presence to carry it.

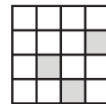

COLOR: **PERLATINO ROYAL**
