

# ROUGE DE FRANCE MARBLE

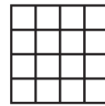

SOURCE: **EUROPE**

Rouge de France marble brings dramatic warmth to our collection with its vibrant personality. Its background shifts between rich peach and brick red tones, while dynamic deposits of quartz create striking contrasts in charcoal and light gray. This interplay of color and pattern ensures each piece tells its own unique story. The stone's dappled veining and varied coloration make it particularly effective as a focal point in both traditional and contemporary designs.
